MOVEMENT IN ROOM

Since the last addition to the school there have been many improvements made. In the classroom, the addition of the new desks and the new seating arrangement has made the room more comfortable and efficient. The new desks are arranged in a way that allows for better movement and interaction between students. The new seating arrangement has also helped to reduce the noise level in the room. The new desks are also more durable and easier to clean. The new seating arrangement has also helped to improve the overall appearance of the room. The new desks and seating arrangement have made the room a more pleasant and functional place for learning.

We Build The Ladder By Which We Rise

H. W. Anderson

Class Poem

For each and every high school year
 We hold some memories quite dear.
 Of the teachers, friends, and all the fun
 That came with all the things we've done.
 These never seemed so good 'til now
 As we must make a parting vow
 To cherish through the coming years,
 The joys, not heartaches, smiles, not tears
 That came with work and came with play--
 With contests, banquets, tasks each day.
 Throughout the high school days just past
 We've gained knowledge that will last.
 But this is not our schooling's end,
 This is where we just intend
 To continue onward toward success
 As we leave the halls of G. H. S.

Class Will

We, the class of '55 of the Griswold High School, having reached the end of our career here, do make public and declare this writing to be our last will and testament in form and manner as follows:

TO MR. PONTIUS we leave all our ideas of what an ideal school should be.

TO MR. LOVELACE we leave all the Mickey Spillane books he collected during the past year. He should have quite a library.

TO MISS DAFT we leave an automatic "note writer". We think it will save her some time.

TO MR. VANDERBUR we leave all the dirt we have tracked into the schoolhouse for soil tests.

TO MR. ANDERSON we leave an electric brain that will not only care for the innumerable details of planning an annual, but will also trim and paste in the pictures.

TO MR. JOINER we leave a tonic to restore his gray hair to its original color. Better be careful, Mr. Joiner, or you may run out of tonic.

The Senior homemaking girls leave their knitting ability to MRS. STEFFEN. She may be needing it someday.

TO MRS. NORDIN we leave a magic carpet that will zip her to the destination of her choice every week end.

TO MR. RYAN we leave the hope of more victories in the future. It's possible!

TO MR. MILLS we leave a magic formula guaranteed to make little boys grow into big star athletes.

We leave MRS. CONRY to Merlin! ! !

Class Prophecy of 1955

We are standing here in front of our mechanical brain waiting for it to answer our questions. We have just given it the facts and figures about the Senior class, and it is going to tell us what we are to be doing in 1970.

ROWENE ACKERMAN is now living on a farm with her husband and twelve little Junior Rusties. They say they're cheaper by the dozen.

NORMA BERGSTROM now runs an old bachelor's home; two close friends are with her: VIRGINIA BOOK and ARDITH LINN.

ROSE MARIE BRIGGS is a lady undertaker working in the Kremlin. It is reported she has a good business.

ORLAN CAIN is now running a hobby shop in Chicago. He has hobbies for people from 9 to 109.

RICHARD CARLSON has joined the navy; it seems he had so many girl friends he couldn't make his pick.

LYNDA CRAMER is riding her favorite horse in the Kentucky Derby next week. She has

the only horse to lose 284 races in a row. CHET DOBENECKER has a used camel lot in the Sahara Desert. Just go to him and say, "Lovelace sent me".

DONAVON DORSEY is now writing stories for TV shows. His newest out is "Tombstone", a love story.

KAY FENDER has made good and is reported to have a very good job; she counts the 20,000 filters in Viceroy's.

TOM FORSYTH is a general in the service--a general nuisance in the guard house.

ELAINE KRISINGER has just been voted Miss Legs in Hollywood, California.

WAYNE GUSTIN has just set a new land speed record in his new hopped up Pontiac. He goes 600 turtle walks in an hour.

RICHARD HALL just came back to the states after being stranded on an island for eight years. He brought a friend with him named Saturday Night, singing, "Oh What A Night It Was".

VIOLA HENDRIX now has the largest stamp collection in the world. She says stamp collecting is very profitable.

LILA HIGH is now driving a souped up-"Campbell's, of course"-Model T at the Indianapolis 500.

ROGER HOLLDORF has finally trapped the grizzly bear that had been bothering on his farm. It seems that it was just a tomcat.

YVONNE RUDIG is a successful dress designer. She has designed a new dress called the "Gownless Evening Strap".

F.F.A. NEWS

Griswold F.F.A. Chapter became the largest in S.W. Iowa this year and among the largest in the state. We played host to the district leadership school, tractor rodeo and convention. Members won over 150 ribbons at various shows. Our main goal for the year was to earn enough money to buy a pickup. We had our first parent-son banquet and awarded letters for the first time. We took in three adult honorary members and two of our members were district officers. Our chapter made great progress in all phases of our work during the year.
